

Dear Parents:

Our basic guidelines for handling the H1N1 Swine Flu are as follows:

- The attendance of students and staff will be closely monitored throughout the school year.
- The Health Department will also monitor the attendance of staff and students. (This process should be finalized by October.)
- If a confirmed case of H1N1 occurs, the School Nurses will notify the Health Department to determine a course of action if necessary.
- A letter will be sent home if there is a confirmed case of Swine Flu at your child's school.

Our School Nurses are staying aware of the latest information concerning the virus. Please call them with your questions and follow the guidelines they recommend in the attached letter.

Your cooperation is greatly appreciated.

Sincerely,

David J. Holleran, Ed.D.
Division Superintendent
